SYNOPSIS

This Amendment does all of the following:

(1) On lines 3 through 5 and 13 through 15, removes defining language to the type of training required to give the Department the ability to continually revise the training requirements of school nurse licensure to keep pace with the ever evolving nursing field.

(2) On lines 1 through 2, 6 through 7, 11 through 12, and 16 through 17, makes technical corrections.

(3) On lines 8 through 10 and 18 through 20, allows for a school nurse employed before the effective date of this Act to follow the new criteria rather than the criteria that was in place at hire. This allows for more flexibility for current school nurses.
